

Hot spot of the week: Wavertree, L15

According to local estate agents, Liverpool 15 is the next South Liverpool district to boom. A number of agents have reported an increase in activity in the area.

James Kersh from Sutton Kersh says:

“The growth of the leisure property market in the area, building on the improving licensed and leisure trade of Wavertree High Street is pushing up house prices.

“In addition, there are a number of listed properties in and around Sandown Lane that are becoming highly sought after.

“Liverpool 15 also benefits from a good selection of shops, schools, and essential services and its growth will take some of the heat out of nearby postcodes such as L18, L16, and L25 that have already boomed.”
